With Laurie Reyon, an internationally known Inter-Species Communicator, Soul Healer, film maker and celebrated author. Reyon is the founder of the Omni Dimensional Mystery School and is a "Voice" for the consciousness of the Whales and Dolphins. Reyon works in sacred partnership with Master Cat Puddah (Soul of Seth), and is the Co-Creator of the "Dolphins & Whale Energy Medicine Processes." The Dolphin and Whale Energy Medicine creates a Crystalline Matrix in the human form, activating dormant DNA and allowing the human to carry more Light, preparing them for Ascension.

Roberta Goodman - Roberta Goodman's career began in 1978 when she read Dr. John Lilly's book, "Communication Between Man and Dolphin." As Research Director for the renowned Dr. Lilly, she initiated the release of the Human/Dolphin Foundation's dolphins, Joe and Rosie. Since 1986, Roberta has spent time with dolphins only in the wild. Her communication studies continue during daily trips to pods in Hawaii. With stories of both domesticated and wild dolphins, Roberta illustrates the reasoning behind considering Cetaceans as persons with culture, sentience and exceptional intelligence. Roberta co-founded Cetacean Nation with John Lilly in 1993, declaring the rights of whales and dolphins as a People. One day she says we will all understand the wisdom of the dolphins as we now understand the wisdom of indigenous peoples.

Roberta's vision is to create a center for rehabilitation of domesticated dolphins into their natural ocean environment. Tanks to Sea is her ongoing preadaptation and documentation project.

Joining them is KAHUNA KALEILIAH of Hawaii who can trace her lineage back to the Star Beings we know as the Pleiadians. We are honored to have her on our "team" as she is the Kahuna of the Big Island in Hawaii and is delighted to lead us in Sacred Ceremony at the Volcano on the Big Island, the Island of the Sun. Kahuna Kalei recognizes the Great Whales as the Akashic record keepers and the Ancient Beings of Wisdom and Healing for us all.

Come back to Lemuria on the Big Island of Hawaii.

This is our 10th Annual Expand Your Consciousness Retreats in Hawaii. We are called back each year as the great Humpbacks migrate back to Hawaii to mate and give birth. We are also called back to the amazing and friendly Kona Dolphins who love to swim with everyone!

Includes 3 private Boat trips to swim with the Dolphins and observe and communicate with the Whales. We are excited to have our own charter boat for three days of the retreat. We will be working with Roberta Goodman, dolphin expert and swim guide on each trip. Don't worry if you don't swim well, we can help everyone feel comfortable in the water.

Guided by Laurie Reyon and Master Cat Puddah - Seth:

This retreat offers the opportunity to meet, communicate, swim and heal with the Hawaiian Whales and Dolphins! Guided by Animal and Inter-Species Communicator Laurie Reyon, you can learn how to communicate with them too! Laurie Reyon will translate the messages of the dolphins and whales for everyone.

The Cetaceans, who are the Dolphins and Whales, are the Elders on Earth, and love to meet us up close and personal in the warm tropical waters of Hawaii. Laurie Reyon will translate the Cetacean messages and teach you empowering healing processes she calls Whale and Dolphin Medicine for humans.

Experience Light Body Activations and Healing with the Whales and experience Dolphin DNA Calibration sessions as the Dolphins teach us about how we can change our lives by changing our DNA. Meet the 13 White Whales and experience Core Level Healing and Transformation.

We will take a trip to the Volcano for ceremony with Kahuna Kalei as she guides us in an ancient Lemurian Ceremony on the edge of the Caldera. It is a sight to behold and to experience the ancient Polynesian ceremony with the Goddess of Fire Pele.
