

**COMMUNICATION
& HEALING
with HORSES CLASS**

**With Internationally
Known
Animal Communicator
Laurie Reyon**

**Sunday, December 2, 2018
1-3 pm. in Lakeside, CA**

**This workshop is for those seeking
to communicate clearly with horses
and other animal friends
and companions.**

Horses are intelligent, feeling Beings that communicate telepathically.

When humans open their hearts and ask to communicate with horses, a wonderful process begins!

It is your birthright to use your telepathic skills to communicate with all life. It just takes some practice and guidance.

Alex

In this workshop we will open to Animal Teachers and Emotional Healers, Alex and Bahir.

In this class you will learn to open your heart and use your 3rd Eye/Pineal to begin a physical process that makes non-verbal communication easier.

We will explore Horse Communication techniques. Many of the processes can be used with other animals as well.

Alex and Bahir will work with each person individually and help you access trapped trauma and release it from your body.
