

Continued ANIMAL COMMUNICATION Class

With Laurie Reyon & Master Cat Puddah

WHAT ARE YOUR ANIMALS SAYING TO YOU?

Over the years of teaching Animal Communication, many of you have asked me for MORE! So, this class will be for those who want to learn more techniques to talk with animals. Also, we will spend more time practicing with more detailed questions of your animals. There is no substitute for practice and the energy of a group provides considerable support.

We will also teach a body scan or gestalt technique for those that are wanting to work with their medical intuitive abilities with

animals. It can be very useful when there are health issues.

Talking with animals is an exercise in self-love, as you get to exercise your ability to believe in your gifts to be telepathic. It is an exercise in faith, well worth pursuing and we hope you will feel the calling in your heart to join us!

Each person can introduce up to 3 animals with a picture of their face. They can be living or those that have transitioned.

**Saturday, April 13, 2019 1-4 pm pacific time
ONLINE in our Zoom Room or In Person**

MasterCat Puddah and Laurie Reyon

We will work with your 3rd Eye or Pineal gland to help you connect to your heart to receive more detailed telepathic communication from the animals. Everyone can do this with some practice and support. You just have to trust yourself.

In our world, the Animals communicate through frequencies that are non-verbal or telepathic. Once you connect to this form of communication, you will receive their transmissions, wisdom, and humor. They are all anxious to talk with you!

All humans HAVE this GIFT when they are born. We will help you remember how to activate and use your gifts so you can communicate with animals.

In this workshop we will present techniques to communicate telepathically with your Animal companions that surround you and serve you.

We believe that the Animals are the greater body of physical teachers and healers on our planet. They exist as representatives of Love and Service to humanity and to the Earth.

We can discuss health issues and explore their behavior. All questions and communications are welcome.

The premise will be to really tap into the Soul of each animal who is called on. Every class will offer an opportunity to talk with YOUR animals.

Communication with Animals becomes available to everyone when they begin living and creating from their hearts.

We have taught thousands of people over the years to reclaim their gifts to communicate telepathically.

Come play with Laurie Reyon & Master Cat Puddah

as they guide you on a personal journey into consciousness that you can hear!

Imagine the possibilities in your life and the changes you can make when you actively begin to communicate with the Animals in your Life!
