

# GRAY WHALE GRATITUDE Retreat

## February 11-16, 2019 to San Ignacio Lagoon in Baja Mexico! Optional BLUE WHALE & DOLPHIN Trip on February 17

Come spend a magical week with the friendly Gray Whales of Baja led by noted Interspecies Communicator, Whale & Dolphin Channel and Soul Healer, Laurie Reyon and Cetacean Expert, Dolphin Researcher, Boat Captain and Swim Guide, Roberta Goodman.

**LAURIE REYON**— Internationally known Interspecies Communicator and Soul Healer. Reyon's gift allows her to speak to the animals and the Angels and then translate their messages to humanity. She recognizes the cetaceans as the ancient Beings on this planet, and her work involves communication and healing with them. Reyon recognizes the great whales as Master Healers and offers healing sessions and workshops where people can interact with their energy and intelligence. In partnership with the Master Cat Puddah, Reyon has recently received information from the Whales and Dolphins on how to use their energy to activate and calibrate the HUMAN DNA and assist the humans in preparing for Ascension. **ROBERTA GOODMAN** - Big Island of Hawaii resident for 24 years, owning boats and a charter business called Wild Dolphin Swims of Hawaii. She takes people out on the ocean to experience swims with the wild dolphins of Hawaii. Roberta had the privilege of working in dolphin communication research with the legendary Dr. John Lilly. She has a massive amount of intimate experience with dolphins in captivity and helped to release two dolphins back to the wild. Due to her love and respect for dolphins, she now only works with dolphins in the wild. She is a true visionary understanding the role of dolphins in human evolution. Currently she is researching a way to re-wild many of the dolphins in human care. The Big Island of Hawaii is her model environment to properly document and integrate dolphins from under our care to joining life in a pod.
