

DOLPHIN WHALE CAT NEWS

JANUARY & FEBRUARY 2010

REYON'S MESSAGE

Reyon (Laurie J. Anderson) is an Animal Communicator and spiritual teacher. She studied Veterinary Medicine in college where she received her AHT and Radiology degree. After the Northridge earthquake in 1994 she suffered an accident with complications and ultimately experienced a radiant Near-Death Experience during which she actually died for six minutes. She subsequently lived in Baja Mexico where she began interacting with the local dolphins and whales, being taught their wisdom and writing their stories and prayers. Laurie Reyon has been named "Standing Whale Mother" by the Native Americans and is now strongly guided to bring the wisdom and healing energies of the whales and the dolphins to the people, guided by Spirit and the energy of Puddah, the Master Cat she works with. Currently, Reyon and Puddah work as a team, offering classes, life-path & akashic record consultations, animal communication, self-discovery, life coaching, and healing with the dolphins and whales workshops and clearing sessions. They also facilitate boat trips which provide opportunities for viewing and communicating with the dolphins and frequently whales.

(Continued on Next Page)

REYON'S MESSAGE (Con't.)

Puddah Quote:

"Gratitude is the KEY to the Universe. Don't forget where you left your KEY!"

Offer Gratitude to Creator for:

The land and the food it provides to nourish you. The home you have been given to shelter and protect you. The trees outside your window. The songs of the birds that sing for you. The gentle eyes and touch of your animal friends. The children of this world who will inherit it. The joy of sharing in your partner's embrace. The old friends who have never left your side. The undiscovered friends you are about to meet. And, most of all, that you are alive today and here in Service, now!

As we look to the end of the year, hopefully you are wiser, more compassionate, and more loving than you were at this time one year ago. And that tomorrow, you have another day to laugh, to learn, and to LOVE! The opportunity to be embraced by the sacred mystery of your life and Journey here on beautiful Mother Earth!

It is hard to believe that it is actually 2010! Another year has passed and brought many, many changes to most of our lives. It is our prayer that you moved through them with ease and grace, receiving the messages and wisdom from your guidance and your connection to the Divine.

We look forward to 2010, knowing in our hearts that much more change is on the horizon. As the old paradgms continue to change, break down, and be restructured, we are reminded how important it is to be attentive to our Spiritual growth. We are blessed to be working now full time in Service to Creator and to helping others. Our ability to connect with the Higher frequencies' Beings of Light, Animals, and the Whales & Dolphins continues to grow and amaze us, as we are always ready to learn and remember more and share it with others.

REYON'S MESSAGE (Con't.)

In the coming weeks we will be sharing more of the teachings and wisdom that we learned in Oct of '09 when Puddah and I and Soul Sister Joanne attended the Earth Sky Workshop in Sedona with Drunvalo Melchizedek.

*Reyon,
Puddah, and
Drunvalo Melchizedek*

We have several classes coming up on Wednesday nights in Oceanside where we will be teaching about how to balance the 8 beams of light and activate the pineal gland. Also two workshops in Jan where I will be teaching the "Living Merkaba Meditation". One is in Oceanside on the 9th and one in the desert in La Quinta on the 31st. Be sure to see the Calendar of Classes and Events for full details.

Also we have an exciting Whale & Dolphin Boat Trip coming up on January 16 where we expect to be seeing not only the dolphins, but also the Gray Whales who are migrating now. In addition, we have an Animal Communication Class in Escondido on the 17th with myself and Puddah.

Feel free to contact us at any time if you would like to make an appointment for a personal consultation or a Healing & Clearing with the Whales. Also we are becoming more mobile now, and are available to groups that want to have a class or workshop in their home or area.

Remember my beautiful Creator Friends...

YOU ARE ONLY AS POWERFUL AS YOU ARE JOYFUL!

Many Many Blessings on your New Year and through 2010!

EDITOR'S MESSAGE

After Thanksgiving, I had the great pleasure of accompanying Laurie/Reyon to Sea World. As you might imagine, it is such a treat to go with her since she is able to tell us what some of these creatures are saying. We share with other Sea World attendees the enjoyment of the shows and exhibits. However, we also go with another purpose: giving vibrational support to the beings who are living there. So as we watch the shows, we are giving support to the orcas, the dolphins, sea lions, etc. We also visit some of the different exhibits to give support to different creatures each time we go: sharks, rays, penguins, turtles, fish, flamingos, etc. But I have to say that my personal favorite is always the beautiful white Beluga whales in the Arctic exhibit. As we watched them this time, we were greatly struck by their beauty. They have such magnificent and streamlined forms, that they reminded us of classical sculpture. Yet, this was sculpture that moved and undulated! We bless and encourage them while we are there. And by the time we leave them, I feel as though their pool is filled with Love Energy that they are now immersed in, hopefully making their time there a little easier.

As you may know, Beluga whales in the wild have had a tough time surviving the various encroachments of humankind. "The Cook Inlet Beluga is an isolated population of Beluga whale and one of the most endangered populations of marine mammals in the world. During the 1980s the population numbered approximately 1,300 whales. Today that population is only about 300 individuals. On December 1, the National Oceanic and Atmospheric Administration's Fisheries Service announced its proposal to designate more than 3,000 square miles of ocean as critical habitat for the highly endangered Cook Inlet population of the beluga whale."

There is a petition that has been put out by the Sierra Club that is attempting to generate 10,000 signatures in support of this proposal by the end of January. At the time of this writing, there were 8,574! If you would like to add your voice to assist in this habitat designation, please go to WWW.CARE2.COM. On the left, under "Quick Links", click "Petitions". When the next window comes up, look on the list on the left for: "SUPPORT CRITICAL HABITAT DESIGNATION FOR THE BELUGA WHALE". Thank you for any assistance you can offer these magnificent creatures!

And as always, we hope that you will enjoy our newsletter. One noteworthy addition that you'll find on the "Private Consultations" page is a photo of Samuel with Puddah. Samuel is a Healer Cat who works with Reyon and Puddah in many of the healings they do. He's also a real sweetie!

Have a wonderful 2010 and Many Blessings to you!

Deborah Clark

Wed., Jan. 27 "REYON & PUDDAH SPEAK" CLASS - Come Play with some FUN ENERGY TOOLS!

7:00-9:30 pm

Our Soul Sister Joanne Edmondson will be guest teaching and discussing different types of energy disturbances that can be detected by dowsing and show how to correct them as described in the Diamond Dowsing Method as well as in Slim's book and Drunvalo's lecture. I will discuss and we will play with Slim Spurling's Light-Life Rings, Lost Cubit Rings which appear to operate at the metaphysical level, Sacred Cubit Rings which seem to have an impact on three-dimensional or physical conditions, harmonizers which work from just around the body to a radius of from 15 miles to 60 miles - and I hope to have a nose mask to play with.

I will also have with me the DOS System of Discs (Dispositivo Optimizador de Sistemas, meaning System Optimizer Device). These small round discs were the result of research in Brazil by Dr. Glampiero Campi. They stimulate energetic reorientation, inducing the individual's organism to respond more adequately to its general equilibrium necessities. In other words they spin the chakras into balance all at the same time and the body responds by bringing back into balance what was out of balance in the physical.

6:45-9:30 pm

See website to view his world famous work: sacredgeometry.com.au

Take an interdimensional journey through the inner geometry of nature and experience the profound order and sublime beauty that exists on the archetypal planes. Sacred geometry is a visual form of harmony; the harmony of parts with each other and with the whole. The world is composed of diverse and contrasting elements; it is harmony that unifies the diversity and geometry that unites all creation. Jonathan's quest as an artist is to provide various modalities that help attune human consciousness to the harmony of universal order. He shows how the shapes, patterns and forms of sacred geometry are harmonic keys that can help open us to states of higher consciousness. He shows how sacred geometry can be used as a tool for self-empowerment, inner peace and opening the mind to greater possibilities. His spinning fluorescent models are a visually dynamic experience and a huge hit with people of all ages and backgrounds.

PUDDAH SPEAKS, Continued

Did I mention that I have one of the most rewarding jobs on the whole big planet earth? I am funny too, by the way! I get to be with my Mom every day and she Loves me more than I can tell you. You'd have to see it to believe it! I get to be with her, sleep with her, eat with her, travel with her, and be her most trusted friend and companion on earth. Wow! We share the most awesome, eternal love story and together joined in love, anything is possible!

You see, I Am a Love Entity. I came to earth to be of Service or Sacrifice*, simply to exhibit the Sacred Energy from the One Source, which is Our Home. I get to bring Love, share love, and through me more Love can be created. When one can bring the Divine Light of the Christ Energy through the veil it is a very, very good thing. This Empowers others to do the same thing. Humans learn, or remember how to do just that by example. Vibrations are increased; more intent is expressed, and watch out for the ripple effect of Love! The Energy of The Divine, is pure, unconditional Love from The Creator Of All That IS. It is always abundant and will never run out. Here is a little preview of this statement that I truly hope you enjoy!

Here's a Preview!

Energy is ALL THAT THERE IS anywhere.

It IS that simple.

It's as easy or as hard as YOU choose to make it.

All that ever was, or is NOW, or ever will be . . . IS ENERGY.

Where do you get your Energy?

Every day you need Energy to exist in your body while you are on earth.

When was the last time you really thought about that?

You need Energy. You get Energy every day to exist or survive as a human being.

My question is . . . WHERE DO YOU GET YOUR ENERGY FROM?

Now we have established this fact. Every day, you get Energy from somewhere, someone, or many, in order to exist and survive.

I suggest you ask yourself this question.

WHERE IS MY PERSONAL DAILY ENERGY SUPPLY COMING FROM?

You are existing or surviving right now, as you read this page or hear these words spoken aloud.

(More, next page)

PUDDAH SPEAKS, Continued

I have an idea for you to consider.

Why not get YOUR PERSONAL DAILY ENERGY SUPPLY straight from the pure, clean and untapped SOURCE from HOME?

Why not STOP TAKING IT from each other when you need it? I am suggesting you stop recycling energy.

Think about it.

The truth or choice of where you decide to get your Energy is your business.

My business is to tell you that you CAN replenish your Energy naturally, easily and without taking anyone else's. You can make the choice to get it straight from the One Divine Source.

If you make this choice, you will no longer have any Energy needs. Can you imagine that? Not only will your needs be taken care of, you will have a surplus of Energy from The Divine. Anyone out there need more Energy? Anyone out there want more Love in his or her life? They are ONE in the same.

Can you imagine your life on earth with no more needy people? Wow!

[Puddah really IS very funny. She gave Reyon the following visual imagery for the next portion of the message. Imagine Puddah the cat standing up on her hind legs. She's wearing a white skimmer hat with a pink band on it and of course holes in the brim for her ears. She's sporting a pink blazer outfit and has shiny black tap shoes with pink bows. She's standing on a soap box, brandishing a cane and making like a carnival emcee with a large, rapt audience. -Ed.]

PUDDAH SPEAKS, Continued

Here's my commercial!

Step right up folks, there's plenty for everyone!

All that you need, all that you want, and all that you can take with you!

YES, it's absolutely completely FREE, and there is plenty for your friends, family and even enough for those you do not know!

Yes, it IS too good to be true! Its earth!

When you simplify your life; it comes down to just the basic essence of WHO and WHAT you really are. You can never change the amount of Energy that exists. The original amount of Energy will always be the same. What you can change, is the amount and quality of Energy you put into your body, and therefore Your life. Why not get your Energy straight from the Divine Source? Straight from Home! Straight from Mom and Dad's house to yours, so to speak.

Let's Recap!

LOVE IS ALL THERE IS.

Just Love.

LOVE Is Enough, and it comes in its very purest form as ENERGY.

When infused by Our Creator, Love is a gift to you, that is given every moment of every day, for each of you. It will always be more than you need!

Why not "TAKE NOTHING" from each other; and begin to "GIVE A LOT" to those that have yet to discover or remember how?

DOLPHIN MESSAGE

The dolphins are the ambassadors and the embodiments of "Joy". They represent the positive feeling and emotional states of happiness, passion, love, joy, family and purpose. They are ambassadors to humanity assisting us in finding and living those qualities within ourselves. In order to assist us in balancing our brains and implementing new states of awareness and consciousness, the dolphins have brought exercises to assist us. The dolphins work closely with the Pleidian Emissaries of Light to bring humanity the Dolphin Ka Balancing techniques and brain re-patterning templates.

At this time, the dolphins ask each of us to go within to find that special place that lives within our hearts. They ask us to connect with the Divinity within ourselves and truly connect with our Souls. They remind us that the Soul is the consciousness that we incarnated from and that which we will ultimately return to. Our physical bodies are just an expression of that part of us that embodies a higher power and consciousness. Our Souls want nothing more of us in the physical than for us to be happy and live a joyful and magical life. It is only through creating joyful feelings that we can achieve a higher vibration and can truly connect to and communicate with our higher selves. So the dolphins' message is quite simply to become aware of how easy it is to monitor our thought forms and just choose to change them if we find our thoughts anything other than joyful! Simple but profound. Remember to "think is to create" and we are the creators and co-creators of the world in which we live.

The dolphins would also like to remind us that we as a society are waking up to the fact that the children on our planet are changing. They are unique and very much in touch with their inner truth and purpose. The dolphins can assist us as adults with guiding these "New Children" as they find their way among us. They are here to create peace and unity consciousness. They have many special gifts and will need assistance to utilize them as they journey on their paths. The dolphins tell us that these children are here for a more Universal purpose as opposed to an individualized one. Listen to them and their messages when you encounter them or perhaps have them in your very own family. They are naturally telepathic like the dolphins and many of them have miraculous healing abilities. The dolphins ask that we quite simply acknowledge these beautiful Souls that have come to Earth to bring love and peace for everyone. Follow your inner guidance when you encounter them and an opportunity presents itself for you to interact with them. It is important that they are encouraged to find their unique gifts and that they connect with their Divine life missions.

May you find great love and joy in your heart each day and find a way to share it with another!

PUDDY'S PRAYER

Together, joined in Love,
We will accomplish more than we could ever do alone.

Always remember the Higher Cause and Plan.

You know the perfect prayer.

You know how to live on earth without fear.

When it comes, and it will, quite simply send it away.

Live your life as a shining example of Love. Be grateful.
Be humble. Be open. Be responsible. Be empowered by Love and
Light from Your Creator. Receive and return Love openly.

This is Your contract.

Always remember to ask and you will receive. The power of Intent is
the power of Love expressed and delivered. Co-create through intent,
all that you want and need to live a full and blessed life, filled with
abundance and Love.

The ability to share love freely is what makes it REAL on earth.

I ask you now to pose just one question of
Your Creator - God - Goddess - Source. I ask you now to remember . . .
WHO YOU REALLY ARE!

The answers to all of your questions, lie in remembering Your Own
Divinity.

My advice, is to seek self-awareness, by partnering with the Creative
Energy that you emerged from.

Your Soul or Higher Self is authentic, eternal, and loves you very very
much!
