This will be facilitated through the Omni Dimensional Mystery School in Oceanside, CA. Rakie Rekhop will be here in person to speak briefly and support the lecture by his friend Dan Winter. There is space for only 12 people attending live.

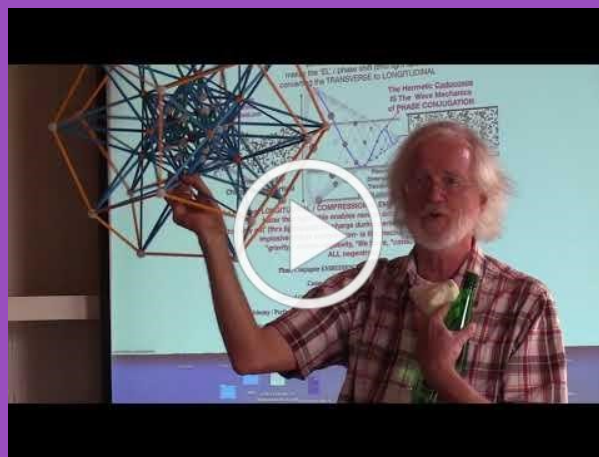

This information will be very valuable to all who have activated their living Light Field or Merkaba, and to those who study sacred geometry. Dan is a master at measuring HEART energy and coherence. Dan is a master at describing how Physics and Spirituality meld, and how all is tied to our DNA and therefore our life force and lifespan. If you enjoy Nassim Hamein's and Drunvalo Melchizedek's work, you will really enjoy this presentation.

Please note that Dan Winter is not well known in the US, so this is a very rare opportunity for you to connect to one of the great minds of our time. Seth refers to Dan as the current Einstein of our time. It is truly a blessing in our world to have this opportunity to hear Dan speak from France, right here in Oceanside, and of course out to all of you in the US and Canada via Zoom. This lecture will be recorded on Zoom and available to everyone after the lecture is complete.

## "DOLPHINS & WHALES FOREVER"

In this extraordinarily touching and heart-felt book, twenty cetacean ambassadors, visionaries, communicators, and facilitators of transformation share their personal stories of dolphin and whale encounters that changed their lives forever. The unique connection they each share with cetaceans has become their personal doorway to transformation, higher wisdom, and the ability to facilitate physical and emotional healing within themselves and others.

"I am proud to be a contributing author! This is my story of how I became an Animal Communicator, and then an Inter Species Communicator. In this book I am able to tell the amazing stories of how "Puddah" became my teacher and partner and how I became a Soul Healer." ~
