Mt Shasta is a one of the most powerful places in the world to visit and it is a Pleiadian Node.

OPTIONAL 3RD DAY: July 5th

In the morning we will journey to the river and see 3 incredible waterfalls. We will hold a Sacred Water Ceremony at the river to bless the waters of the world and Seth will share a channel with us called "Origin of Water."

Bring bottles if you like to collect this sacred water that comes from the Holy Mountain into the river. You can seed your own drinking water with this pristine healing water. Spend some time at the river connecting to the essence of sacred water and the beautiful falls.

Lunch will be at a nearby restaurant or on your own.

In the afternoon we will attend a PRIVATE CRYSTAL BOWL CONCERT just for our retreat group! Beverly, owner of The Crystal Room store in Mount Shasta will play for us. She channels the voice of every single bowl and plays some simultaneously.

The last concert with Beverly was a moment out of time for me, when I experienced her skills and gift. There is no other person more knowledgeable to perform this type of concert. Each person will also get a personal activation at the close of the concert for your own expansion and enjoyment!

Don't miss this opportunity!
