RAKIE REHKOP

This September weekend in the beautiful fall colors of the Sangre Mountains, Rakee will debut an exciting course called ***The Geometry of Light.***

Sacred geometry has been understood in part and many of us have used and felt its the impact on the world when we are linking heartfelt love and intention through certain geometric visuals, such as the Vesica Piscis, the Merkaba, the symbols on Metatron's Wheel, etc. While the planet endures its disharmonics, this event is a golden opportunity to accelerate change and experience technologies of the Heartspace. There is an aggregate collection of universal intelligence that has been coming through Rakee daily, prompting us with exceptional understandings of how we created physical form - through color and geometry and especially through the platonic solids. Once we can be brought into this completely empowering process, we

are in step with the long range steps of mastering co-creatorship. It won't be a stretch of the imagination to one day, see new universes at our finger tips. Is it our desire to create a new paradigm?... One of love, where reality follows only the heart of love and light..? We all know current systems are changing as we have known them. Once we practice the alignment of how the universe was created at our original outset, and once we implement the process of creation in pure sync with the Father and the Mother, then perfected realms will be brought into fruition. We hope you can come in person, allowing part of Sunday to enjoy in-depth time with nature, its flora and fauna, and the grandeur of its mountains. If you are with us by zoom room, you can find a place nearby and recollect with us all share the new processes. The Mother lies in waiting for enhanced communication this weekend offers.

"DOLPHINS & WHALES FOREVER"

In this extraordinarily touching and heart-felt book, twenty cetacean ambassadors, visionaries, communicators, and facilitators of transformation share their personal stories of dolphin and whale encounters that changed their lives forever. The unique connection they each share with cetaceans has become their personal doorway to transformation, higher wisdom, and the ability to facilitate physical and emotional healing within themselves and others.

"I am proud to be a contributing author! This is my story of how I became an Animal Communicator, and then an Inter Species Communicator. In this book I am able to tell the amazing stories of how "Puddah" became my teacher and partner and how I became a Soul Healer."
