

CORONA VIRUS WHALE HEALING TESTIMONIALS

April 2020

Dear Laurie, I awoke this morning with the awareness that you carry the primordial code in The Whale DNA for the vitality of Life to heal the distortions in the Corona Virus that is attacking the life force energy on a molecular level.. You have engaged with a miraculous power with the realms of the dimensions of light in Creation. The Whales have given you the key to unlock the DNA of vital life force energy on a molecular level. You are a Great White Whale; you are a Whale Master. I have been guided to send you this message. I feel it will affirm many of the energies you are working with and are working through you for the manifestation of the miracle to heal the pandemic.

Blessings, Judith

I have listened twice now to the corona healing and feel deep gratitude for the work you and Puddah do and this has deepened my awareness of my life's path and helped free limitations to help heighten my gifts. The first time I listened I lay in a warm salty bath with my copper healing pyramid and selenite crystals within nearby. I believe this created a portal and I really felt the whales around our property in ways I haven't experienced multidimensionality before. Several times during the meditation part I found myself curling up in a fetus position and my whole body was wracked with great sobs – but with little tears – the sobs seemed to stop in my throat. Towards the end, I realized I was a whaler from, I think, Norway in another life and I felt great shame and regret for my treatment of the whales – I sobbed for forgiveness and expressed deep sorrow for my actions. The whales sent so much love back it was hard to bear... The second time was a more gentle affair, and I listened with my husband. Thank you. Beccy

I was on the very first whale and dolphin CORONA VIRUS healing session you did, and then the very next day after your healing session... barely 24 hours later, I saw on the news..... and this is very interesting I felt like the Universe was showing me this because I don't watch the news on a regular basis. But this I saw with my own eyes in the news. 24 hours after your first coronavirus healing, I saw on the news that 19 people were the first to get discharged from the state of California in the ICU who were diagnosed with Covid 19. Oh my GOD. Wow. I mean, that's crazy!!! :-~) I nearly fell on the floor from shock and I was going to tell you in the next class. I KNOW with absolute certainty -- and that's probably why the Universe showed me -- that it was because the whales brought in the immunity shield and coronavirus healing. So the true miracles happening with what you are doing is probably waaayyy beyond what you might be getting in testimony from anyone, and I also think it had a significant impact on it throughout the U.S. and the world. Love & Gratitude, Irene

It was so wonderful and powerful. Thank you! Belinda

I really appreciated the culmination of all your whale focus into yesterday's healing. My body was tingling and shifting all over. Loved the cocoon of golden light from our beloveds. I hadn't slept much the night before, with the powerful full moon, hence I was a little quiet, restful and reserved yesterday. The video at the end was splendid. I thought you looked great and sounded wonderful. Glad to see you shining so bright. Sending you golden waves of love and light.

I listened to the Coronavirus Whale Healing & Immunity Shield video again, this time with my daughter. My daughter's friend has recently been diagnosed with Covid 19, my daughter was nervous about contracting it since she was with her friend a couple of days before the diagnosis. After the healing video, my daughter felt a huge relief and I would like to thank you once again for the beautiful video.

Much appreciated, Manon

Well I was there and can attest it is all True many miracles in the Whales and Dolphins. I operate a Quantum Biofeedback device to scan the Human Energy Field. I tested before and after resistance score (immune system) went up 20 points. Darshana

Wanted to thank you for the wonderful whale healing webinar today! That was my first experience with the whales. and it was profound. I could feel the energy throughout my body and the love surrounding me. I really appreciated your educational slides before the healing and the beautiful you tube videos afterward. Everything came together just perfectly, and I am very grateful! As a side note, I am a new member to Masterworks Healing this year and really enjoy the insights you share on the calls. I am learning a lot and resonate with your messages!

Many blessings, Ann

Thanks, Laurie! My energy has been pretty pleasant today. And I feel as if that last whale (forgot name) is by my left side. I feel my job is helping others to dismiss the fear and to stay in healing mode.

Blessings, Jan Sherburn

From the deepest part of my heart and soul, I wanted to thank you for bringing forward the enlightened energies of the white whales today for the raising of our vibrations and immune systems, and for healing and protection from the Corona virus. I cannot think of a greater Easter blessing! My experience was so powerful, and light filled! I could see the light filling, expanding, and recalibrating every cell in my body. Sira was the beautiful being who stepped forward, and I felt tears of recognition, even when you showed us her picture at the beginning. What a beautiful gift you and they shared with us all...thank you! In joy, love and gratitude, Marianna

I did do the whale healing yesterday. I had a deep and profound experience - those white whales all around me, the vibration was so incredible!

Thank you so much Laurie, and the white whales. This is amazing and I am so very grateful. And thank-you so much for the replay. Its so good to be able to repeat and its different each time. The first time live, I had a lot of pain, clearing pain I have had in my legs, hips, feet..., making space for the light...I feel.... i was very thankful for this. Today different again and such peace...I feel their presence deeply and have faith that I will

“see” the whales more as I open more. Is it likely that one may be called on as though they may pick me to work with? I really love your presence Laurie. And WOW, the incredible whales of light, soooo beautiful.
Love, Sue

During the whale healing I saw geometric designs and golden light all over my house. Swam and breached with the white whales. Rose to the sky with them. Emotional. Thanks for bring through their messages. I thank the white whales for supporting our healing.
