

Hello Students,

***Whale & Dolphin Energy
Light Medicine UPDATE:***

***Dolphin Wisdom,
Healing and DNA
Calibration for
Humanity
– Module 2***

***Created by Laurie Reyon
& Master Cat Puddah-Seth***

Please know that whether you are seeking to become a professional Healer and become certified in this work, or you are just called to work on yourself with the amazing Whales and Dolphins, you are truly honored. The love and support we receive from the Whales and Dolphins is beyond what we can make known in this dimension, but we are prepared to allow ourselves to grow and expand in our abilities to be:

- 1. A true WISDOM teacher for the Whales and Dolphins, representing them in the highest and best way possible, with our beautiful meditations and messages that are educating the world.***
- 2. A powerful and Grounded Facilitator/Practitioner for their Healing Templates and Processes.***
- 3. A powerful Channel for their personal and collective words of wisdom for ourselves and for our clients.***

We are delighted to support you in the training and practice of the work we are now beginning with the Dolphins and Human DNA. This is a very intimate and personal journey into your deep core issues and buried emotions. As we become willing to own every thought, word, and deed that we have had, we can come into a place of conscious creation where there is no shame or judgement.

As we interact with each other and ultimately our clients, we actively move into the mastery of practicing observation over judgement. From this place we will be able to clearly observe where there are physical, mental, or emotional blocks. We will expand in our energy fields, abstaining from fear and judgement. We will move beyond feeling small, or not worthy, or not capable, into overcoming every challenge and embracing our ability to be unlimited.

Working with the Dolphin consciousness and community, we embrace a deep inner journey into your Mastery from life-times past on this world, and before Earth. It is all there in the DNA, which is the code for all that you are, all that you have been and all that you can become.

Working with the dolphins, it all can become observed with clarity and support abounding. It is a gentle way of healing, but ever so revealing. The Dolphins remind us in every way, that the Solution Energy is within us, and is not that far to stretch to find it and bring it in.

Module 2 will also assist those that are seeking a way to become a very supportive coach and healer combined. It is so wonderful to see how powerful the dolphins are when they come in to assist us in the most deeply personal way and yet so very gentle.
