

EXPLANATION OF AKASHIC RECORDS

The Akashic Records are the individual Records of a Soul from the time it extends from Source until it returns to Source. At the time we make the decision to experience life as an independent entity, there is a field of Energy created to record every thought, word, emotion, and action generated by that experience. That field of energy is the Akashic Records. Akashic,

because it is composed of Akasha, the energetic substance from which all life is formed, and Records, because its objective is to record all life experience.

By opening the Akashic Records with a sacred prayer, we align ourselves to the vibration of the one receiving the consultation (either ourselves or another). The prayer works with energetic vibration to "key in" to the specific "name" of the life-form, and carries God's protection through the Masters, Teachers and Loved Ones.

The information in the Akashic Records helps us bring our past and our future present in our now. By accessing the Akashic Records, we can identify and release anything that we have created that has become a block to our present realization of our Oneness with God/Source.

We can look at why we have addictive patterns, why we choose the relationships we do, why we have created our habitual responses, and how to create action in our lives instead of re-action.

The healing energy of the Akashic Records allows us the freedom to choose Grace in all things; therefore, overriding any illusion we have created that causes us to believe we are separate from God/Spirit/Source.

It is one of the most powerful tools available on the planet today to help us re-member our Oneness with God/Spirit/Source.

Akashic Record Consultations bring clarity to your life's purpose; assist in clearing emotional, career, and relationship blocks and deepen your connection with the Divine.

The Akashic Records will never tell you what to do, instead they will give you all the information you need to make the appropriate decision. Suggested Akashic Records questions contain open ended wording or phrasing. This encourages the client to be open, to go deeper than the surface or immediate outcome and empowers them with information to create change in their life.

- **Clarity** about your life in the here and now
- **Deeper understanding** of your Soul's intention for patterns of behavior, fears, types of situations or people in your life, (for example: toxic/ controlling people, money issues, procrastination, self sabotage, unexplained fears or unsatisfactory relationships) with techniques of how to release them and move forward.
- **Insight** regarding right livelihood or career choices.
- **Methods to release negative/unsupportive** beliefs and expand your joy.
- **Parenting information** and insight about what your children (of all ages) need from you.

AKASHIC RECORDS CONSULTATION

How to Prepare and What To Expect

Thank you for your interest in the Akashic Records. Here is information you will find helpful. It includes an overview of my work with the Akashic Records and how to prepare for a consultation. I look forward to working with you.

As you may know, there are many aspects to a Soul's intention for incarnating at this time, on this planet. Your agenda or life purpose can be better answered with why certain things have happened in your life and how those circumstances fit into your total picture. An Akashic Records Consultation can answer those questions and more. Please read this entire post to get a better idea of how you can benefit from the energy and work of the Akashic Records.

The word "Akasha" is Sanskrit for "the primary substance of which all things are made," which is explained in more detail later in this document. People are usually drawn to the Akasha because the letters in the word "Akasha or Akashic" vibrate to activate the heart - mind/Source connection. One of the most wonderful aspects about a consultation or being able to open your own Records is gaining insight regarding the many facets and layers of your Soul's intention for this lifetime in various areas. Plus, the ability to ask about current challenges, curiosities etc.,

This information outlines my work with the Records and explains how you can benefit from a consultation. It includes a brief overview on what the Akashic Records are, an overview of a consultation (& a Soul Path reading), and how to prepare for a telephone or in person consultation, and the release form (needed for all consultations).

SUGGESTED AKASHIC RECORD CONSULTATION PREPARATION

Here is information on how to prepare for an Akashic Records Consultation. Please read it over before our time together. Also remember to refrain from using any recreational drugs or alcohol 24 hours prior to our appointment time.

An Akashic Record Consultation is very interactive and is based on your questions. Prior to coming to our appointment take time to quiet yourself and your mind. Get into a peaceful space and consider what deepest truths would best serve you to know at this time and allow your questions to come from there.

Here are some suggestions:

- Look at your life circumstances or recent events. Choose the areas you need the greatest clarity.
-
- Notice any recurring patterns in your life you would like to eliminate or where deeper insight would be helpful.
-
- Notice the people in your life that offer you the greatest challenge and/ or frustration. Ask how you can best work with them for the highest good of all concerned and the lesson being presented.

The Akashic Records will rarely tell you what to do - instead, they give you all the information you need to make the appropriate choices to create your future. Also, an Akashic Records Consultation is not like a psychic reading. A consultation deals with the here and now to help you create your future. You will also receive insights if there are any blocks you may have that prevent you from being all you can be. If the future is indicated or mentioned, it is in probabilities or possibilities, because there are many. Rarely is it absolute because we are on a planet of free will choice -- meaning the choices we make today create our future.

It is important to know a consultation is based 100% on your questions. The more specific your questions the clearer your answer. However, if you need some assistance framing the questions, I will help you.

The following are some examples of how to phrase questions for your consultation:

- What is my Soul's intention regarding the pattern of _____?
- How can I open my heart to _____?
- What is blocking me from _____?
 - ... attracting and maintaining a healthy, loving relationship
 - ... creating/attracting/accepting and maintaining the abundance & prosperity of the Universe?
 - ... moving forward with _____?
- Please give me insight into the situation of _____.

- What do I need to release to _____?
 - ... learn to trust myself?
 - ... accept myself and feel whole and complete?

The above are only samples of how to phrase questions. Allow your questions to come from your heart.

Please e-mail your questions to me at lauriereyon@yahoo.com and have your questions written down with a pen and paper to take notes during our session.

At the time of our telephone appointment, I will call you at the number you provided for me.

Thank you. I look forward to our time together.

AKASHIC RECORD CONSULTATION RELEASE FORM

The Akashic Record is the past, present and future knowledge of all things. It is the recording of the Soul's journey since inception, as well as the possibilities of its unfoldment in the future. Referred to in virtually every ancient spiritual teaching, it is known in the Bible as The Book of Life. An Akashic Record Consultation consists of opening up the record of one's Soul and allowing the information from this profound spiritual level to come forward. Perceptions and insights from this deep spiritual perspective will support you in your life right now.

Specifics about past lives may or may not be relevant. What is generally valuable is guidance as to how to work thorough patterns present in one's current life and opportunities for growth and direction.

We will be working with the Light for the Highest Good of All Concerned. We surrender to The Divine Spirit for all direction. I open myself to the information available from your Records and allow myself to look and to say that which comes directly to me. We work with your questions, so it is important to prepare yourself by reflecting on your current life circumstances and where you would like greater clarity. Your openness determines to a large extent what happens during the session and what Spirit can bring forward.

Please remember that all counsel and healing given in the session is presented in order to assist you with your own consciousness. You may choose to share this experience with others. You are responsible for the results of their receiving the information as it is recounted or interpreted by you.

I do my best to relay what I am given to the best of my ability, presenting you with all that is conveyed to me during the Akashic Record Consultation in confidentiality. It will be supportive if you understand that no matter what I say, you are responsible for reviewing the session in the context of your own life. Please consider the overall impact of our moments together as we allow Spirit to move through our path. You may feel the effect immediately or after months, or both.
