**I AM an Inter-Species Communicator and have been working with Dolphins and Whales now since 2001.**

**I have spent many hours learning to communicate with Dolphins and listening to their wisdom.**

**It is no secret that Dolphins are very intelligent, even Super Sentient compared to humans. They have some 30 million years of experience and are filled with love and enthusiasm to teach us and help us heal through altering our very DNA.**

**And by the way, they want to communicate with YOU too!**

---

**Dolphins exist all over the world in the various oceans.**

**They also come to us through the etheric as spiritual Light Beings, offering to assist us with their ability to literally calibrate Our DNA.**

**If you were here, I would take you out to my swimming pool and summon the Dolphins. You can literally see them swimming in their etheric forms in the water.**

---

**Water is one of the mediums in which they can show us their Light Bodies and their ability to come to us when summoned.**

**The Dolphins continue to amaze me as they show up with their joy flowing and bringing us advanced healing frequencies.**

**They are helping us remember that we are SO MUCH MORE than just a physical body in one place or location. We are all multidimensional Beings!**

---

### **THE DOLPHINS HAVE SHARED:**

**The emotional codes of Mastery and those of pain and negativity are all stored in your DNA.**

**Would you like to meet and work with the most amazing Doctors on the planet who are**

**motivated and enthusiastic about helping YOU heal and activate your Mastery?**

**Isn't it time to open your belief system to new possibilities?**

**The Dolphins are more than happy to show up when you ask for it and allow them time to work with your DNA.**

**They have identified 12 strands of physical DNA in the body and have given us templates to further activate them all.**

---

**In this class we will work with the physical body and the emotional triggers we all have.**

**We will also work to pull forth more of your hidden Mastery that is stored in your DNA.**

**The Dolphins have the ability to scan us through sound waves they send out through eco-location, and receive back a detailed image of your internal organs, far greater than what our medical machines can produce through current testing.**

**They also can access our Akashic Records, which is the recorded journey of our Soul through every lifetime, through the water molecules.**

**They have the ability to use their power to alter the molecular structure of the fluid in our body, thereby finding out how they can assist us in returning to optimum health.**

**They have the ability to use their power to alter the**

**The DOLPHINS are the EPIGENETISTS**

**New discoveries including DNA evidence suggest that evolution as we know it, cannot account for the way we appeared on earth, or our extraordinary capacities such as deep intuition, compassion,**

**empathy and self-healing—the very abilities that hold the key to healing ourselves and our world.**

**When the evidence no longer supports the story, it is time for a new story.**

**The Dolphins are the Epigeneticists of our world. Only a very few people know this truth and have reached a level of consciousness where they can communicate telepathically with the amazing race of Ascended Beings, we call the Dolphins.**

**The Dolphins have shared that they have always been available to heal humans who give permission to receive their healing**

**frequencies. Only recently has humanity reached a place in the expansion of our consciousness to tap into the true potentials the Dolphins have to offer the humans. We are in the infancy this study and understanding of the amazing abilities the super sentient Dolphins carry for us.**
