## **The DOLPHINS' MESSAGE**

**Say yes to Love. Love for yourself first, and when you are ready Love for everyone and everything around you. Love is the only energy that is real, and it is transformative. From here, all is well, and we are simply becoming again that which we already are.**

**The Dolphins have asked me to encourage everyone to connect with them through the vibration of your heart and your intention. The Dolphins are wise and loving joy filled ambassadors of Love and Light.**

**The Dolphins wanted me to create this class for them to have the opportunity to connect with you! I have agreed to be their Voice and will assist them in this Workshop so that each of you can connect with a Dolphin that wants to partner with you, offering their presence, wisdom and healing vibrations!**

**It is going to be SO MUCH FUN! Have you ever considered partnering with a Dolphin?**

**The Dolphins are some of the most ancient and spiritually advanced Souls on our planet.**

**The Dolphins hold the codes of creation within them and have existed outside of negativity or polarity for 30 million years. They are whole brain Beings who long ago transcended the need to compete or fight for what humans call survival. They truly are the Emissaries of**

Love and Joy, and they have the physical and etheric capacity to help humans align with a higher vibration very quickly.

The Dolphins want you to know that they are the designated Epigeneticists of the Human world. It is their designated task to calibrate and heal humans by accessing their personal DNA. All you have to do is ask for their help!

The Dolphins remind us that this statement is reflective now in our world of science and the study of Epigenetics. It has now been proven that our perceptions of the environment, including our consciousness, actively control our genes. Epigenetics is applied consciousness in motion, where nothing is pre-determined and by shaping your own biology, you become the Master of your own life.

Dolphins live their lives in Pods, in complete cooperation and transparency. They have nothing to hide, which makes them one of the most important group of healers our world has ever seen. Their advanced healing abilities allow them to LOOK into your bodies and immediately see any health maladies you have, or any emotional imbalances. Because they are completely telepathic, they can tune into your thoughts and ideas from great distances. They can help you achieve a higher frequency in your body using their Sono-Genetic abilities.

The Dolphins will assist you in remembering the truth of WHO WE REALLY ARE. In truth they are your Quantum Cousins and are experts at working with the Human template and 12 strands of DNA.

I have spent many hours learning to communicate with Dolphins and listening to their wisdom.

It is no secret that Dolphins are very intelligent, even Super Sentient compared to humans. They have some 30 million years of experience and are filled with love and

enthusiasm to teach us and help us heal through altering our very DNA.

Dolphins are Emissaries of Joy and they are delighted to help those who ask! And by the way, they want to communicate with YOU too!

They will come and work in the etheric with you personally if you ask them.
